PROGRAM OVERVIEW

AliAzad Networks offers **personalized mentorship and career development programs** designed to help students, researchers, and professionals achieve their career goals with confidence. Our approach blends **technical expertise, industry insights, and academic support** to build strong portfolios, enhance skills, and prepare for top opportunities.

We focus on **1:1 mentorship sessions** that provide hands-on guidance in technical skills, resume and LinkedIn optimization, project planning, research publication, interview practice, and long-term career planning.

Whether you're a **college student, early-career professional, or career changer**, our mentorship roadmap ensures measurable growth and career success.

WHAT WE OFFER

- ✓ **1:1 Tech Mentorship Sessions** – Tailored roadmaps, skill growth & feedback
- ✓ **Career & Resume Guidance** – Resume review, LinkedIn polish, job strategy
- ✓ **Research Paper Review & Publication** – End-to-end academic support
- ✓ **GitHub & Portfolio Building** – Strong technical portfolio for recruiters
- ✓ **Project Planning & Strategy** – Guidance on academic & personal projects
- ✓ **Industry Insights & Networking** – Insider knowledge & connections
- ✓ **Interview Preparation** – Mock interviews, coding review & strategy
